choice outstanding academic title 2017 a history of the british isles is a balanced and integrated political social cultural and religious history of the british isles in all its complexity exploring the constantly evolving dialogue and relationship between the past and the present a wide range of topics and questions are addressed for each period and territory discussed

including england s wars of the roses of the 15th century and their influence on court politics during the 16th century ireland s rebellion of 1798 the potato famine of the 1840s and the easter rising of 1916 the two world wars and the great depression british cultural and social change during the 1960s and the history and future of the british isles in the present day kenneth campbell integrates the histories of england ireland scotland and wales by exploring common themes and drawing on comparative examples while also demonstrating how those histories are different making this a genuinely integrated text campbell s approach allows readers to appreciate the history of the british isles not just for its own sake but for the purposes of understanding our current political divisions our world and ourselves

the history of the british isles is the story of four peoples linked together by a process of state building that was as much about far sighted planning and vision as coincidence accident and failure it is a history of revolts and reversal familial bonds and enmity the study of which does much to explain the underlying tension between the nations of modern day britain the making of the british isles recounts the development of the nations of england scotland wales and ireland from the time of the anglo french dual monarchy under henry vi through the wars of the roses the reformation crisis the reigns of henry viii and elizabeth i the anglo scottish dynastic union the british multiple monarchy and the cromwellian republic ending with the acts of british union and the restoration of the monarchy

hugh kearney s classic account of the history of the british isles from pre roman times to the present is distinguished by its treatment of english history as part of a wider history of four nations not only focusing on england it attempts to deal with the histories of wales ireland and scotland in their own terms whilst recognising that they too have political religious and cultural divides this new edition endeavours to recognise and examine contemporary multi ethnic britain and its implications for four nations history making it an invaluable case study for european nationhood of the past and present thoroughly updated throughout to take into account recent social political and cultural changes within britain and examine the rise of multi ethnic britain this revised edition also contains a completely new set of illustrations including sixteen maps

this volume gives a detailed overview of the varieties of english spoken on the british isles

including lesser known varieties such as those spoken in orkney and shetland and the channel islands the chapters written by widely acclaimed specialists provide concise and comprehensive information on the phonological morphological and syntactic characteristics of each variety discussed the articles are followed by exercises and study questions the exercises are geared towards students and can be used for classroom assignments as well as for self study in preparation for exams instructors can use the exercises sound samples and interactive maps to enhance their classroom presentations and to highlight important language features

first comprehensive guide of its kind this volume is essential for any study of freshwater algae in the british isles

this ground breaking book provides invaluable insight into the diverse nature of social work practice within the british isles the contributors explore key differences in social work s role and character and the legal systems and organisational structures in which it operates in the different regions

this special report comprehensively describes the stratigraphy and correlation of the tertiary paleogene neogene rocks of nw europe and the adjacent atlantic ocean and is the summation of fifty years of research on tertiary sediments by chris king his book is essential reading for all geologists who deal with tertiary rocks across nw europe including those in the petroleum industry and geotechnical services as well as academic stratigraphers and palaeontologists introductory sections on chronostratigraphy biostratigraphy and other methods of dating and correlation are followed by a regional summary of tertiary sedimentary basins and their framework and an introduction to tertiary igneous rocks the third and largest segment comprises the regional stratigraphic summaries regions covered are the north sea basin onshore areas of southern england and the eastern english channel area the north atlantic margins including non marine basins in the irish sea and elsewhere and the paleogene igneous rocks of scotland

global climate and the effects of global warming are commanding unprecedented interest as climates grow more dynamic and changeable how does global warming change patterns of climate why is the weather and climate of the british isles so variable regional climates of

the british isles presents a comprehensive and up to date survey of the diverse climate of the british isles examining the ways in which regional climates evolve from the interplay of meteorological conditions and geography of the british isles leading climatologists provide detailed explanations of the climatic characteristics of eleven regions of the british isles climatic distinctiveness and local weather contrasts are described for each region together with a summary of climatic data from 1961 to the present reviewing the history and causes of climatic change and evaluating regional models regional climates of the british isles offers an important analysis of climatic variations examining future climatic change and its likely consequences the authors acknowledge the need for regionally diverse responses to the greenhouse effect

what is often held to be britain s finest hour the second world war was not experienced so uniformly across the british isles on the margins the war was endured in profoundly different ways while d day or dunkirk is embedded in british collective memory how many britons can recall that finns were interned on the isle of man that enemy soldiers developed british infrastructure in orkney or that british subjects were sent to concentration camps from guernsey such experiences tangential to the dominant british war narrative are commemorated elsewhere in the other british isles in this remarkable contribution to british island studies daniel travers pursues these histories and their commemoration across numerous local sites of memory museums heritage sites and public spaces he examines the way these island identities assert their own distinctiveness over the british wartime story and ultimately the way they fit into the ongoing discourse about how the memory of the second world war has been constructed since 1945

the british isles entered the twentieth century as a single state great britain and ireland with a british empire greater in extent and larger in population than the world had ever seen the first fifty years of the new century saw vast change both at home and abroad each chapter in this volume focuses on a specific aspect of the rapidly changing historical landscape of british history in this period politics economics society culture the wars and foreign policy combining specialist attention to each area with an emphasis on

a core introductory textbook that provides students with a concise overview of the full sweep of english irish scottish and welsh history from pre roman times right through to the

present day jeremy black offers a balanced and absorbing account of a group of islands their peoples their extraordinary shared past and their remarkable impact on the rest of the world this is an ideal set text for dedicated modules on british history or a supplementary text for broader modules on european history which may be offered at all levels of an undergraduate history or european studies degree in addition it is a crucial resource for students who may be studying the history of britain for the first time as part of a taught postgraduate degree in british or european history new to this edition revised and updated throughout in light of the latest research provides coverage of recent events pays greater attention to social developments

everyone should have two copies one for the car and one for the house to plan journeys a reminder to think more about the places you pass and less about your route because every british journey is through rich history edward stourton from much loved historian neil oliver comes this beautifully written kaleidoscopic history of a place with a story like no other the british isles this archipelago of islands is to neil oliver the best place in the world from north to south east to west it cradles astonishing beauty the human story here is a million years old and counting but the tolerant easygoing peace we enjoy has been hard won we have made and known the best and worst of times we have been hero and villain and all else in between and we have learned some lessons the story of the british isles in 100 places is neil s very personal account of what makes these islands so special told through the places that have witnessed the unfolding of our history beginning with footprints made in the sand by humankind s earliest ancestors he takes us via romans and vikings the flowering of religion through civil war industrial revolution and two world wars from windswept headlands to battlefields ancient trees to magnificent cathedrals each of his destinations is a place where somehow the spirit of the past seems to linger

the british isles have a long tradition of tales of gods heroes and marvels hinting at a mythology once as relevant to the races which settled the islands as the greek and roman gods were to the classical world the tales drawn together in this book from a wide range of medieval sources span the centuries from the dawn of christianity to the age of the plantagenets the norse gods which peopled the anglo saxon past survive in beowulf i cuchulainn taliesin and the magician merlin take shape from celtic mythology and saints

include helena who brought a piece of the true cross to britain and joseph of arimathea whose staff grew into the glastonbury thorn tales of the british arthur are followed by legends of later heroes including harold hereward and godiva these figures and many others were part of a familiar national mythology on which shakespeare drew for lear macbeth and hamlet creating the famous versions that are known today here the original stories are presented again richard barber s other books include king arthur hero and legend arthurian legends an anthology and the knight and chivalry he is currently working on a study of the legend of the holy grail borders com england and the british isles have a rich and still thriving tradition of myths and legends and this wonderful volume collects together more than thirty of the best from a number of sources an incredible insight into the fascinating yet complex history of the british isles and its peoples those fascinated by mythology will want to add this wonderful book to their collections

scholarship on the history of the british isles is currently experiencing a golden age the breakdown of modernism and the eclipse of both the marxist tradition and the whig interpretation that sees all history as progress combined with the trajectories of nationalism in ireland scotland and wales have generated unprecedented intellectual activity nor has the world stood still the collapse of communism the issue of integration into the eu and the advance of multiculturalism have led more and more people in the english speaking world as a whole to sense that their collective landscape now looks profoundly different from that inhabited by their ancestors even a few decades ago in a world by itself six distinguished historians offer the most definitive and compelling history of the british isles to date tracing the political religious and material cultures from the romans to the present day this is at once an urgent reassessment of our shared past and an inspirational celebration of british history it focuses on the major themes and most dramatic moments of the last two millenia the rise and fall of empires reformation revolution and restoration wars both civil and global and the enduring question of what it means to be british
